Head Of Red Cross Tells Flood Havoc

Destruction In La Cresenta-Montrose Area Said Beyond Description

Representatives of the Sierra Madre Red Cross Chapter met with delegates from other Los Angeles County chapters and Pacific Division officers last Friday to discuss plans for raising the necessary funds for rehabilitation work in the Montrose-La Cresenta flood area.

The meeting was held in temporary headquarters established in the devastated area of Montrose and, after the business meeting, those attending had an opportunity to see for themselves some of the results of the flood.

Miss Judson, local chapter secretary, in telling of the experience, said that it was so appalling she had no words to describe it. She said: "The newspaper pictures, what you are told, everything of that sort, simply doesn't get the truth over. You have to see the destruction and the desolate waste where happy homes were so short a time ago as the last day of the year, to really begin to understand."

Those attending from Sierra Madre were Miss Judson, Miss Elizabeth Steinberger representing the Junior Red Cross, and C. W. Jones, treasurer.

Mrs. Esther Chadbourne, field representative of the National Red Cross, told those present that careful surveys showed a desperate need for \$75,000 for relief. This money would be used to feed, shelter and give medical aid to the sufferers, and, in cases where the latter had no other resource, to partially aid them in rebuilding their homes.

Mrs. Chadbourne called attention to the fact that this rebuilding would have to be from Red Cross funds as federal money, even if made available, could be loaned only on security, and the flood wiped out all the property these people had, leaving them with no security for loans. Also the need is so pitiful, time could not be wasted unwinding red tape.

The money will not be used for clearing streets or removing debris from private homes. The C. W. A., county road department and flood control are caring for that.

Los Angeles County has been asked to raise \$50,000 for this total. The first allocation for Sierra Madre was \$65.00 and that amount has been collected. However, all the chapters in Los Angeles county were asked to increase their allotments six times, which would bring the amount for this city up to \$390.

According to Miss Vannier, chairman of this chapter, the executive committee hopes to at least double or treble the original amount, even if it is not possible to raise all of the increased allotment.

A letter received from Pacific Division headquarters yesterday stated that several of the county communities, including Pasadena, Whittier and La Verne, had already raised the increased amounts allotted to them.

Realtor's Ambition To Sell 50 Homes Is Finally Realized

W. R. Humphries announces in an advertisement in this issue of the SIERRA MADRE NEWS that he has sold and located fifty families in this community. This quota was set by Mr. Humphries a few years ago and was reached this week.

Sales made by Mr. Humphries during the past few days include the purchase of the property at 355 North Auburn avenue, known as Casa Nida, by Mr. and Mrs. Laurence Lindre, who for many years lived at the corner of Lima and Laurel streets. Several years ago they moved to Lamanda Park. Mr. Lindre intends to renovate and improve the four houses on the property he has just taken over.

Other purchases made through the Humphries office this week include the sale of the Clay Carpenter property at the corner of Ramona and Lima. This beautiful corner with its spreading oak and attractive home has been acquired by Mr. and Mrs. Foster C. Bumpus, formerly of 166 East Grand View avenue, who have already taken possession.

Mr. Humphries also reports the sale of two Pegler Park lots to Mr. and Mrs. R. B. Knapp of West Highland avenue.

Rose Queen May Set An All-Time Record Columnist Says

Sierra Madre's Rose Queen continues to get a place in the metropolitan press. In his "Along El Camino Real" Column yesterday Ed Ainsworth wrote as follows: "That pretty little Sierra Madre girl, Treva Scott, ought to get a medal. She was queen of the Tournament of Roses the 1st inst, and she hasn't been forgotten yet. That constitutes a record. The usual time it takes for a 'queen' to sink into oblivion is about two days. Miss Scott, however, is still being painted by admiring artists in her home town and has appeared at a theatre in Pasadena. If her fame lasts for a month she unquestionably will have set an all-time record..."

Death Of Mrs. L. W. Ferris Loss To City

Kindly Woman, Long Time Resident, Will Be Missed By Wide Circle Of Friends

Mrs. Louise Wood Ferris of 585 West Central avenue, passed away on Thursday, January 11. Having been a resident of Sierra Madre for the last 18 years, and having affiliated herself with many movements of social and civic betterment to the town, Mrs. Ferris was well known and much loved. Spiritual by nature, her sweet optimism and generous impulses led her into a wide field of philanthropy—and her gentle presence will be missed by a wide circle of friends to whom she has so lovingly brought comfort and cheer.

Mrs. Ferris, who was of Quaker parentage, was born in Philadelphia, April 28, 1863. She was the daughter of Thomas Septimus and Caroline Shotwell Wood of Philadelphia, and her girlhood was spent in Bristol, Pennsylvania, where her home on the Delaware River afforded many pleasurable outlets for one of her nature-loving propensities. She was educated at Swarthmore College, where for a number of years her mother served as Dean. In 1887 she was married to George Ferris of Philadelphia and, seven years later, with her husband and family moved to California and settled in Claremont, where Mr. Ferris successfully operated a large orange ranch.

In 1916 the family moved to Sierra Madre and eventually purchased the W. J. Lawless home, corner of Sunnyside and Central avenues which, under their loving care, has become one of the beauty spots of Sierra Madre. It was from this lovely home that Mrs. Ferris slipped peacefully away, following her devoted husband and companion of years, whose passing preceded hers by but a few months. She leaves two daughters, Elizabeth Blossom Ferris of Sierra Madre, and Mrs. Frederick Turner, of Santa Barbara; a nephew, Randolph Wood of this city; a niece, Mrs. Margaret Wood Robinson of St. Francisville, La., and a grandson, George Ferris Land, who from infancy has made his home with his grandparents here.

Plans Completed For Mobilization Of Boy Scouts Here

Plans for participation of the Pasadena-San Gabriel Valley Council in the National Boy Scout Mobilization to take place Saturday, February 10, at 9 a.m., featuring a broadcast by President Roosevelt, are being made. In each community the committee will have charge of the local mobilization and will arrange for a suitable place with a loud speaker, so that local programs may be presented featuring the presentation of President Roosevelt's awards, recognizing scouts who have rendered four years of service and of scouts who have reached their majority and entered citizenship.

After the broadcast each community will notify local headquarters by telephone the number of scouts and scouters that turned up for mobilization, and the numbers will in turn be relayed by telegraph to National headquarters.

Norman B. Jensen was named a member of the Board of Directors of the Pasadena-San Gabriel Valley Boy Scout Council this week at a banquet in the Masonic Temple, Pasadena.

Importance Of Thrift Is Told The PTA

Local Banker Tells Women Value Of Lesson Taught By The Depression

Milton Hollingsworth, of the Sierra Madre Savings Bank, in a speech before the Sierra Madre Parent-Teacher's Association on Wednesday, stressed the importance of thrift. Mr. Hollingsworth pointed out that one should not only be thrifty with his money but with his time and energy as well. Savings and life insurance are two vital factors in the modern scheme of living, he said.

During the depression many have had to adjust their standard of living but the profit they have derived from this is far outweighed in experience and appreciation of values, Mr. Hollingsworth stated.

C. W. Jones, representing the local Red Cross, spoke on the Montrose disaster. The P.T.A. as an organization voted five dollars to the relief work, stressing that individual members contribute as well.

Music was rendered by the children and tea was served.

Parents and children were reminded of the opportunity to learn the habits and customs of rattle snakes, to be told by Mrs. Edith Rexford Holbert, this afternoon in the school auditorium. Mrs. Holbert's lecture will be illustrated with moving pictures.

Smoothing Way For New Race Track

Arcadia expects to profit in a big way from construction and operation of the million dollar racing plant of the Los Angeles Turf Club at Colorado street, Huntington Drive and Santa Anita avenue. Its first direct benefit will come through the payment by Mrs. Anita M. Baldwin of \$9,000 in back taxes on the 218-acre tract she has sold the club. The taxes must be paid before the transfer can be effected.

The Arcadia City Planning Commission this week favorably recommended Mrs. Baldwin's application for a rezoning of the property so that it may be used for racing purposes. The City Council is expected to unanimously approve the recommendation next week. The commission also recommended Mrs. Baldwin's application to have the property on which Joseph M. Smoot was erecting his Jockey Club plant turned back to residential classification. This tract is about a mile west of the Turf Club location.

Articles of incorporation were filed at Sacramento this week by the Turf Club which had already received a permit from the State Racing Commission. The capital of the club is given as \$1,000,000 and the directors named are Hal Roach and N. A. Howard, of Los Angeles, Leigh M. Battison, of Beverly Hills, and Charles H. Strub and Felix S. McGinnis, of San Francisco.

Strub is to be general manager of the club and announced that preliminary contracts would be awarded and work started immediately after the Arcadia Council passes on the rezoning application.

"Don't Worry About Bologny Dollars," Shippey Tells Forum

"We should worry about bologny dollars and 60 cent dollars," Lee Shippey declared in a semi-humorous talk to the Sierra Madre Forum Tuesday night.

"We've had cheaper dollars than that," said Shippey, "and the country was in its most prosperous era. In 1922 you paid \$60 for a rent you can get now for \$25, 60 cents a pound for butter, and when it came to Insull securities you had to pay \$10 for what you can get now for 10 cents. It was then, not now, that we had real bologny dollars, and if 60-cent dollars will buy a return let's have 'em."

"We have fewer millionaires in this country now but just as much real money as ever, and the fact that we have fewer millionaires proves that it is better distributed."

Mr. Shippey was introduced by Harold D. Carew, who also discussed current events. A general discussion followed led by Mrs. John H. Robertson, president.

Legion Head Coming Here February 5

Chaillaux To Be Speaker On Local Post's Americanization Program

You will read and hear a lot more about the big Americanism meeting later. The date is Monday evening, February 5th, at 7:30 o'clock p.m. sharp and the place is the Sierra Madre School Auditorium. You should plan to attend this meeting. There will be no charge and no collections. You will not have to bring a cent with you unless you want to. Your only obligation is to be present and to bring your entire family with you. Then enjoy yourself and see the big show.

Miss Crickett Caukin will present a snappy 15 minutes revue; the Boy Scout troops will participate in the patriotic exercises and the Mother's Chorus will entertain you. Every organization in Sierra Madre having flags and colors is requested to bring them and participate in their presentation.

Homer Chaillaux, Department of California Commander, American Legion, will speak to the children and parents on Americanism and the public school program.

This big Americanism Rally is sponsored by Sierra Madre Post 297, American Legion and Legion Auxiliary. Arthur Embree is chairman of the program committee and is planning an evening of pleasure for old and young.

Episcopal Church Gets Good Reports

The members of the Church of the Ascension held their annual meeting Monday evening in the Parish House for the election of Vestrymen for the current year, and to hear reports of the various Church organizations. Dean Bode was in the chair.

Vestryman James N. Hawks, who has served the church for very many years, thought new life would be advantageous and moved that the name of Elmer Pulling be substituted for his own, and the rest of the Vestry be re-elected. Mention was made of Mr. Hawk's devoted work for the church and his motion was carried. The Vestrymen chosen are C. F. Vannier, J. H. Robertson, Samuel L. Graham, Thomas Meader, Jedney E. Davis and Elmer Pulling.

Mr. Meader read an encouraging report as treasurer, showing a balance after a year of hard work, and generous contributions to the general work of the church outside the parish.

Mrs. M. D. Welsher and Miss Edna Green reported on the excellent work of the Women's Guild which realized over \$400 with an expense of \$60. Mrs. Welsher referred with feeling to the absence of Miss Lydia Webster on account of illness, and the meeting voted to send love to her, and also to Mrs. Marie McMillan.

Mrs. J. H. Robertson reported \$109 raised by St. Catherine's Guild beside layettes made and other help for the earthquake sufferers. Ben Lyon reported a successful year for the Sunday School.

Dean Bode praised the good work of the choir under Mrs. Frances Kitzman, the Altar Guild under Mrs. J. N. Hawks, the teachers, servers and other workers, and spoke of the growing tendency to make Episcopal parish houses helpful to the community.

Delegates were elected by the Vestry to the Annual Convention of the Episcopal Church in the diocese of Los Angeles, as follows: Dr. W. Jarvis Barlow, Carl Pegler, C. F. Vannier, C. Hall Perry, Jedney Davis; alternates, Thomas Meader, Thomas Flather, J. H. Robertson.

McCormick To Sing Lee Shippey's Song

Lee Shippey received a telegram this week from John McCormick, famous tenor, stating that Mr. McCormick would sing Mr. Shippey's "Candle Light," the music for which was written by Charles Wakefield Cadman, over the NBC network January 24 between 6 and 7 p.m., Pacific standard time.

Provincial And Bishop At Dinner Of Retreatants

Father Edmund Walsh, retreat director at the Passionists Fathers' Monastery in Sierra Madre, was chairman of the first annual dinner of the Layman's Retreat League at the Hollywood Knickerbocker Hotel Wednesday night.

Honor guests of the occasion were Bishop J. J. Cantwell of the Diocese of Los Angeles and San Diego, and the very Reverend Father Eugene, C. P., Provincial, who has been making an official visit to the local monastery.

The league is composed of 1300 men who have in the past attended the regular week-end retreats at the Sierra Madre Monastery.

School Here Pattern For Quake Safety

Sierra Madre Building Plans Used In State's New Specifications

There is a difference of opinion among some county authorities as to the duties and responsibilities of school board with respect to the occupancy of school buildings that may have been damaged by the March earthquake.

"Keep your schools open—continue them in operation," Superintendent of the county schools advised a meeting of directors. "I can't see," he added, "why we should allow 200,000 or 300,000 children to be turned loose for I don't know how long, and yet allow them to enter churches, libraries, business houses and homes that are not as safe as the school buildings."

"I believe children should be removed from a questionable building as soon as possible," declared Chief Deputy County Counsel O'Connor in answer to the question regarding the occupancy of any unapproved masonry building.

"Vacate that building and do it immediately regardless of whether you have money to erect temporary structures or not. A board of trustees cannot escape responsibility by sitting idly by. It is your absolute duty to make your own ascertainment of the condition of your buildings."

Wholesale resignations of school trustees who fear personal liability in the event of accidents in damaged buildings is threatened and it was probably to reassure timid trustees that Superintendent Clifton spoke.

"There must be evidence of gross negligence," he said, "before you can be considered liable in the event of death or damage by earthquake."

"First, in my opinion, there is no liability on a school board where a building has been approved for occupancy by the State Division of Architecture."

"Second, in instances where inspection has been made but no report received from the State, I believe such buildings can be occupied, providing due diligence has been taken to ascertain the general safety of the building."

Sierra Madreams will be relieved to know that the State authorities have inspected the plans of the grammar school here and pronounced them O. K. The local board of trustees was informed that the construction here is exactly the sort of construction specified in the State's plans for remodeling all school structures to make them reasonably certain to resist anything short of major earth disturbances. The local school came through the March disturbance with scarcely a scratch and has been pronounced absolutely safe.

Dr. Brooks Ends His Lectures On New World Next Friday

Dr. Raymond C. Brooks, of Pomona College will reach the climax of his series of lectures at the Congregational Church on "The Foundations of the New Civilization," on Friday, January 26 at 6:30 p.m. The previous lectures have been so well attended that a large attendance both at the Community dinner and the lecture is anticipated. The ladies of the church are planning for another community dinner at 6:30. Tickets are on sale at the drug stores.

Film-Stage Career Opens Up Before Miss Treva Scott, Who Appears In Previews

Theatrical Folk And Directors Predict Bright Future For The Rose Queen

Two "preview" stage appearances were made this week in Los Angeles and Pasadena by Miss Treva Scott, and by reason of the enthusiastic manner in which the young Queen of Roses was received by both audience and theatre representatives it is expected that word of contracts for professional stage and screen work will be released soon.

Map Program To Prevent Disasters

Fire Warden Urges Greater Care Of Mountainsides To Avoid Floods

Advocating strict State zoning to control real estate sales of dangerous wash or mountain property for homes, County Fire Warden Spence D. Turner Monday presented a seven point prevention program to the Board of Supervisors and warned that unless his plans are carried out the recent devastating fire and flood catastrophes will be repeated.

"The fighting of mountain fires is as specialized a profession as city fire control," Turner pointed out, "and the Pickens Canyon fire and subsequent flood have again brought to mind the relationship between fire and flood—as it has been proved time and time again. But the memory of the average man is short, and we have the fallacy of the demand for governmental economizing through cutting of fire control."

The warden's program includes the creation of a permanent fire control department, construction of a fire motor-way network; additional telephone lines and look-out points; increase in general fire equipment; permanent reservoirs and water tanks for fire fighting; a scientific replanting program to eliminate barren hillsides; and "a persistent and everlasting educational program to drive home the necessity of fire prevention."

Raid Big Bad Wolf When Women Start Free-For-All Fight

The Big Bad Wolf, cafe and dance hall at 3800 East Foothill boulevard, west of Sierra Madre, avenue, is "dark." Deputy Sheriff's from the Altadena office raided the place early Sunday morning while a free-for-all was in progress, arresting the alleged proprietors and many belligerent customers.

Two sheriff's deputies were in the place when the fight started, having been assigned to observe the manner in which it was conducted, complaints having been filed by parents of Sierra Madre and Pasadena young folks. The row started between two blonde women and it said to have become a free-for-all when one of the deputies intervened and was slugged. A riot call was sent to the Altadena office and when other deputies arrived they are said to have found a battle royal in progress.

At a hearing Monday morning A. A. Fluke and James Berry, were fined \$25 each and 30 days in jail for maintaining a public nuisance and the illegal sale of liquor, it being testified that hard liquor was being dispensed. The jail sentence was suspended.

Louis R. Wilson and Charles Ryan, were sentenced to 60 days, 45 suspended, for disturbing the peace. Others taken in the raid were discharged.

Larry Addington, of Pasadena, a guest at the cafe at the time of the raid, protested to Altadena deputy sheriffs early Sunday morning that two men, styling themselves as deputy sheriffs, had slugged him with a blackjack and had knocked another man unconscious. He returned later in the day to repeat his protest and was advised to see officials in Los Angeles.

matic sketch that was the vehicle for Miss Scott's talents was written especially for her by John Q. Copeland, also of Sierra Madre. Tuesday the initial showing took place before the membership of the Wilshire Ebell Club in the Windsor Square Theatre, while Wednesday evening it was staged at the Fox-Pasadena Theatre.

For the past two weeks Miss Scott has been strenuously rehearsing under the direction of Kenneth MacDonald, who is at present engaged in major studio production work in Hollywood and widely known for his directorial and acting ability. In recent years connected with John Golden, Irving Berlin, Louis Asquith and other New York producers, MacDonald was so impressed by his first view of the Sierra Madre girl's acting, that he undertook the direction of "Hollywood."

"It was a wonder to me," he commented in an interview, "when Miss Scott commenced

Hoover Got No Stock In Big Air Lines

Former President's Son Not A Bait For Air Mail Contractors, Senate Told

Herbert Hoover, Jr., of Sierra Madre, son of the ex-President, in a straight-forward hit-from-the-shoulder letter got from under all the scandal, hints, and what-nots developed in the investigation of the air mail contracts issued during the late Republican administration, when the postoffice department was headed by an appointee of his father.

In a letter to the United States Senate, and to the committee to investigate foreign and domestic ocean and airmail contracts, Mr. Hoover declared that he had resigned his position as an engineer with the Western Air Express, to render groundless assertions that his influence was being used to obtain airmail contracts for the line with which he was identified. This action, he said, was taken against the advice of his father, then President.

In his letter to the Senate Mr. Hoover says the company refused to accept his resignation and gave him a leave of absence. Recently, he says, he returned on a full time basis at a salary of \$400 a month. He is also serving as part-time instructor at the California Institute of Technology in Pasadena. He denies that he sought or ever received any gratuities, stock or bonuses, or was promised any. He bought some Western Airmail stock out of his savings and sold it later.

Hoover's statement contained extracts from a letter written to the head of Western Air Express at the time airmail contracts were pending. This part of his statement follows:

"The company has necessarily, as one of the main air lines, put in a bid for the new air mail contract from the Government. You know, of course, that I have no knowledge of these matters, nor have I any interest in the company beside my salary of \$5000 a year.

"Would-be competitors for this contract have already launched slanderous innuendos to the press even in advance of the opening of the bids, to the effect that the contract will be given to the company as a matter of favoritism, because of my employment by the company.

"Should it be found that the Western Air Express possesses the qualifications of the service, makes the lowest bid, and is awarded the contract by the Postmaster General, then every slimy politician, every scandal monger, and every character assassin in the country will rise to defame the honored name I bear, and to accuse the Postmaster General of wrongful action..."

Wherefore putting away lying, speak every man truth with his neighbor; for we are members one of another.—Eph. 4:25.

The essence of lying is in deception, not in words; a lie may be told by silence, by equivocation, by the accent on a syllable, by a glance of the eye attaching a peculiar significance to a sentence; and all these kind of lies are worse and baser by many degrees than a lie plainly worded.—J. Ruskin

SOMETHING NO ONE CAN AFFORD TO LOSE

John Wanamaker, the great Philadelphia and New York merchant, said many wise things in his day, chief among which was his thought on old friendships, expressed in the following: "Don't let old friendships be easily broken. Try to cement them more and closer as time goes on. Neither property nor poverty should alter the relation of old friends. It is human for us all to make mistakes. We have all to cross the same bridge sooner or later if we expect to be forgiven." Shaken down, as we have been by the economic depression, we perhaps realize as never before that there are only a few things that really count, vitally and forever. One of those things is a continued friendship. No man has too many friends, if they are of the right variety. And just now when everything else vanishes like the morning dew before a rising sun, it is a wise citizen who puts a high value on his friendships, and who takes care to see that none of those friendships are broken.—Daily Gazette, Stillwater, Minnesota.

WAS THE GOVERNOR KIDDING AN ENEMY?

State Treasurer Charles G. Johnson was being shaved in a Sacramento barber shop when Governor Rolph came in, peeled off his coat and took an adjoining chair. "You're lucky to have the Governor and the next Governor here at the same time," said Rolph. "You're a good prognosticator, Governor," laughed Johnson although many times he hasn't thought the Governor's judgment was so good. "Of course, I might have been speaking for myself in both instances," said Rolph afterwards.

THRILLING STORIES AT ARCADIA THEATRE

"Saturday's Millions," a real live interesting story with a great football finish, is being shown this evening and Saturday at Gillette's Arcadia Theatre, 44 Huntington Drive, Arcadia. The program is completed with a two-reel comedy, "Girl Trouble," and a one-reel musical, "I've Got to Sing a Torch Song." "Only Yesterday," the heart throbbing story which brought forth a new star, Margaret Sullivan, is scheduled for Sunday and Monday at the Arcadia. Co-starring with Miss Sullivan is John Boles and in the cast are 93 featured players. Comedy and news round out the program. Tuesday night will be fun night at this theatre. The reduction in admission price for this night will allow everyone to spend a laugh evening. Comedies, travelogues, cartoons and more laughs will furnish the entertainment.

ABOUT WOMEN

Edward Anthony of New York has married Miss Esther Howard, although he wrote a book entitled "How to Get Rid of a Woman."

Miss Marion Groll of Cardiff was expelled from her church for playing jazz music at a church entertainment.

Fined for fishing, Mrs. Charles Morse of Chicago asked the court to pay her for the day's work lost waiting to be tried.

Mrs. Evelyn Adams of Chicago was fined \$85 for reckless driving while hurrying to her dentist with the toothache.

Edward Browne, of Chicago, arrested for wife beating, pleaded justification because he caught her with her hand in his money pocket.

Rev. Richard Haven lost his pastorate in Dublin because he kissed a married woman of his congregation.

Mrs. Emily Murphy, 67, who died in Edmonton, Canada, a few days ago, was the first woman in the British empire to hold a judicial office. She was magistrate of the Edmonton juvenile court from 1916 to 1931, and was made a Lady of Grace of the Order of St. John of Jerusalem by King George for her patriotic service during the World War.

Judge Moore of London declared from the bench "while women have two ears and two eyes, they fortunately have only one tongue."

Englebert Langenhovel, 73, and Mrs. Martha Langenhovel, 72, of Stockton, Calif., were remarried recently after being divorced since 1913.

SHORT-TAIL EXPLAINS THINGS

THERE are times when Peter Rabbit can be as patient as anyone I know. Just let Peter think there is a chance to see something or hear about something he doesn't know about, and his curiosity will give him patience enough to keep him sitting around half the day. So, though Short-Tail the Shrew was gone what seemed like a long time, Peter waited patiently right where Short-Tail had left him. Peter did a lot of wondering about Short-Tail. It was clear, from what Short-Tail had said, that he stored up food for the winter, though a small certainly seemed a queer thing to store up. Thinking about these things, Peter

"But Why Haven't I Seen You in Winter?" Persisted Peter.

was full of questions when Short-Tail returned. "Your storehouse must be quite a distance from here," said he. "What kind of a place is it in?" Short-Tail grinned. "I wouldn't answer that question for some folks," said he, "but I don't mind answering it for you, because you might hunt for the rest of your life and not find it. I have some little tunnels in the ground, and off of these I have some little storehouses. In one of these I am putting all the snails I can find. You have no idea how good they taste in the middle of winter, when a fellow has to run his legs off to get enough to eat." Short-

CARD PARTY PLANNED BY ALTAR SOCIETY

Plans for a card party were made last week at a meeting of St. Rita's Altar Society. The party will be held on February 8 with Mrs. W. D. Richards in charge. Mrs. Frank Spencer, Mrs. E. A. Holliger and Mrs. William Colligan were hostesses at the luncheon meeting.

With the assistance of the Holy Name Society, the Altar Society is planning a St. Patrick's Day dance.

Invocation

(in Memoriam)

Misunderstood and yet lamented
Poe,
Tonight recalls the raven's
solemn croak,
Let him return in sable robe of
woe,
While here and now your spirit
we invoke.
This evening let the melancholy
bells
Toll out the cadence of a death-
less song,
An echo of the softly muted
knells
From that far land where you
have sojourned long.
Here patiently we sit and watch
the door
By immemorial shadows overcast;
Come, let the raven croak his
"nevermore";
Return immortal Spirit from the
past.
Ring out, ghost bells your ca-
denced song of woe!
Come forth! Come forth, O death-
less soul of Poe.

—FLORENCE EAKMAN.

(EDITOR'S NOTE: The above poem was dedicated by Mrs. Eakman to the memory of Edgar Allan Poe, whose 125th birthday anniversary will be celebrated today, January 19, throughout the land by schools and literary organizations.)

YOUR CHILD AND THE SCHOOL

By Dr. ALLEN G. IRELAND
Director, Physical and Mental Education
New Jersey State Department of Public Instruction

Bad Posture

I have mentioned poor or bad posture as an accompaniment of improper diet. It isn't always present, but slouching and other posture defects do often occur with and as a result of undernourishment. The reason is not obscure. Muscle strength and tone depend upon a proper and adequate food supply. Muscles are fed from the food we eat. As you would expect, they need certain kinds of foods. That is nature's way with humans, as well as with animals and plants. Some things go to build, while other things are harmful. So there are foods that make muscles strong and firm.

It is easy to see what happens when the muscles are weak and soft. The bony skeleton droops. Bones tend to sag. Of course, they can't fall far out of position, but the muscles aren't strong enough to keep them in place. And all the time, the force of gravity is at work, so when we stand the tendency to slouch is aggravated. Thus, the child who leaves his milk, fruit and vegetables, or who spoils his appetite with an excess of sweets and pastries, is likely to be the bad posture case.

Next week Dr. Ireland will write about school fatigue.

Glacier Priest To Show His Pictures Of The Northland

Father Bernard R. Hubbard, the famous "Glacier Priest" bring to the public another of his motion picture classics and lectures of the Northland, deriving the material from his last summer's exploration of the Aleutian Islands. "Sentinels of the Bearing Sea," as it is called, will be given its premiere on the evening of January 23 at the Pasadena Civic Auditorium under the auspices of the Pacific Geographic Society. Highlights of his latest adventures and experiences on this trip, the discovery of a new volcano, Akutan, the excavation of primitive villages which tell much about the life of the ancient inhabitants, the part played by his remarkable dogs, all go to make an exceptionally interesting and entertaining picture and lecture. Pictorially, this is unusually beautiful.

In A Social Way

MR. and Mrs. W. J. Lawless have opened their home at 506 West Grand View avenue to the St. Catherine's Guild for a card party to be given next Tuesday evening, January 23, at 8 o'clock. The affair, which is open to the public, promises to be one of the brilliant affairs of the season. Contract and auction bridge, 500 and other games for which prizes will be given, will be played and for those not wishing to play cards, the amusement room of the Lawless home will be opened. Mrs. John H. Robertson, president of the Guild, will be in charge, assisted by Miss Jean Woodward, Miss Thomasella H. Graham, Mrs. H. Randolph Wood, Mrs. Mary Goodfellow, Mrs. Frieda Clatworthy, Mrs. Stella Dennison, Mrs. John C. James, Mrs. Grace Young, Mrs. Hall Perry and Mrs. Lyle M. Anderson. Refreshments will be served at the close of the evening. Many reservations for tables have been made and everyone planning to attend is asked to make reservations early with Miss Jean Woodward at 305-2 or Mrs. Lawless at 17.

Honoring Miss Camilla Rossa, Mr. and Mrs. Vernon Udell of East Highland avenue, entertained with a birthday party on Saturday evening. Miss Camilla Benetti, of Montrose, rendered a group of vocal solos. Dancing was enjoyed during the evening. Refreshments were served at midnight. Table decorations were pink and white.

Sunday night supper guests at the home of Mr. and Mrs. Irving N. Ward, of 109 East Grand View avenue, were Mrs. Ruth Dunn and Mrs. Hazel McEachen, of Huntington Park; Mrs. Florence Idler Phillips, of Walnut Park; Miss Beatrice Ward, of Hollywood, and Murto McEvoy, of Los Angeles.

Cards will be shuffled for the closing game of the bridge tournament at the Sierra Madre Woman's Club today. Leading, after eleven Fridays of play, are Mrs. W. J. Lawless and Mrs. R. L. Webster at north-south position, and Mrs. Ralph Solari and Mrs. Moran, of San Marino, at east-west. Tea will be served at the close of the game.

A new tournament will open on February 5, it was announced this week by Mrs. John C. James.

Monroe Butler, State manager of the Home Owners Loan Corporation, and Mrs. Butler entertained with a beautifully appointed dinner at their home in Los Angeles on Thursday evening in honor of the birthday of Miss Cecil Sterling Price, of 279 East Grand View avenue, Sierra Madre, State Auditor. Other guests sharing the hospitality and pleasure of the evening were H. E. Keefe, Washington representative of the corporation here; Mark Stanchfield, assistant State manager; Harvey Harris, Los Angeles district manager; Sterling Mathews, executive manager; Mrs. L. K. Wilhoit, secretary to State manager; Miss Berline Ford, secretary to auditor; Miss Patrice Neeley, Miss Mary Purcell and Charles Need, Jr.

The luncheon and meeting of the Woman's Society of the Congregational Church held on Tuesday was one of the most successful of the society's year, with an attendance of 85. Miss Bertha Allen, of Foothill, China, guest speaker, told of interesting experiences as head of the Union Kindergarten Training School in Foothill. Several Chinese solos were rendered by Mrs. D. C.

WHERE ROOSEVELTS WORSHIP

This is St. Thomas' Episcopal church in Washington where
Mr. and Mrs. Franklin D. Roosevelt worship. The pastor of the
church is Rev. Dr. C. Ernest Smith.

Pomona. Fred LaLone of Sierra
Madre, was the guest of Dr.
Peterson.

With the assessment of mem-
bers of the local club, the fund
for taking medical and physical
care of the underprivileged chil-
ren of the town was started. A
very liberal sum was collected.

State Concerned About Stuff That's Labeled Whiskey

Until now the State Board of
Equalization has had the say-so
on what goes on in the State as
far as the liquor problem is con-
cerned. Now another State
agency has stepped into the pic-
ture.

The State Board of Health has
approved an order to require:
Bottled in bond whiskey to be
100 proof and carry a Govern-
ment stamp.

Straight whiskey to be at least
90 proof and its age to be stated.
Initiation or "blended" whiskey
to be labeled so and give in-
gredients as well as spirits proof.

Blended straight whiskey to be
90 proof and state the age of the
youngest whiskey used in blend-
ing.

Exhibit Of Reeves Art Shows A Wide Range Of Subjects

Including twenty oil and crayon
portraits of distinction, the Si-
erra Madre Little Gallery exhibit
of Joseph Mason Reeves is
scheduled to close the latter part
of January. No extreme acade-
mism, bound by strict rules of
precedence, Reeves' work never-
theless is classically perfect in
design and execution.

A wide range of subjects have
posed to his brush and crayon,
and in his local exhibits are pic-
tures of Mexicans, American In-
dians, an American society girl,
Chinese girl, a typical Southern
gentleman, and an American ad-
miral. The artist's motive in the
latter is well explained by the
fact that he is the son of Ad-
miral J. M. Reeves, Commander
of the U.S. Battle Forces.

Achieving remarkable perspec-
tive in a portrait of a girl in yel-
low, Reeves resorts to an almost
completely flat treatment in other
canvasses, leading to results sim-
ilar to those gained by some of
the old masters. According to
Mrs. Fred Griebenow, director of
the local gallery, the present ex-
hibit is limited in number of
paintings because Reeves recently
sent the great bulk of his
works to an eastern exhibition.

Local Students In Wilson High Play

Seven young Sierra Madre ac-
tors and actresses have import-
ant roles in the three one-act
plays presented by the Senior
Class of the Wilson high school
in Pasadena yesterday afternoon
and this evening in the school
auditorium.

Appearing in the comedy
"Elmer" are Marian Rosen,
Myrtle Wood, and Charles Col-
lins, while prominent in the cast
of the romantic "Alice's Blue
Gown" are Beverly Fairbanks,
Charlotte Bennett, Ethel Lauber
and Barbara Hollingsworth, all
of Sierra Madre. All of the
money which the graduating class
makes on the plays is to be used
to buy a gift to be left behind at
the school.

Plan To Save Huge Sum In Remodeling P. J. C. Structures

Resulting in a saving of a
possible \$100,000 to the taxpayers
of the Pasadena school district,
the state engineer's office this
week approved plans to make
Pasadena schools earthquake
proof by merely reinforcing the
brick structures at present in use,
instead of replacing all buildings
with new concrete ones. The new
plan calls for removal of four
inches of the outer layer of brick
with some deeper gutters and
grooves, and for coverage with
gunite.
"The advantage," says Fred-
erick Kennedy, architect, "is that
it doesn't involve tearing out the
interior of the buildings, includ-
ing plumbing and other fixtures."
My scheme calls for the dis-
tribution of the loads across the
building so that none of it is on
the brick."

PAYING ONE'S DEBTS

By THOMAS ARKLE CLARK
Late Dean of Men,
University of Illinois.

Allen was pretty close run finan-
cially when he first came to college.

He had been out
of high school
for a year or so
and had had a
good job, but he
had saved little.
He liked well-
tailored clothes
and he had to go
to a dance once
or twice a week
or to a show,
and he never
went alone, of
course.

His father could
afford to send

him only a moderate allowance
when he was in college, and Allen
had never schooled himself to do
without anything he wanted, so be-
fore he knew it, he was in debt
with no means of paying imme-
diately. His creditors began to
press him, so he found someone
who was willing to make him a
short-time loan, and he borrowed
with the promise that when sum-
mer had come and he had taken up
his old job he would meet the ob-
ligation.

He didn't come back to college the
second year. He came down to a
game once with a good-looking girl
whom he brought into the office and
introduced to me. The situation, I
thought, ominous.

I had a letter from him in Sep-
tember, the first in months. He
had married the girl and they had
gone to another part of the country
to live. She had been seriously ill,
there was an impossible hospital
bill to be paid and the job he was
holding was not what he would
have liked it to be.

"I'm coming back to college," he
wrote. "I can see now that I shall
never get anywhere unless I have
a more thorough education. I shall
have to work, for I have a wife to
support, and father cannot help me
a great deal.

"As to my debts, they will have
to wait. I cannot pay any debts
while I am getting an education. I'm
sorry for the people I owe, but just
now I can't do anything for them."

I am sure he had worked this all
out in his mind and felt quite jus-
tified in the line of procedure upon
which he had determined.

Supposing he gets his education.
There is coming a day when he will
be hunting a position; he will want
a recommendation, and the thing
that can be said of him is:

"He is a man who looks after his
own interests, but ignores his debts."

Mars Inhabitants Will Come To Earth In The "Stargazers"

Strenuous daily rehearsals of
"Stargazers," the local Junior
League's annual musical show,
give excellent promise that the
show will prove an even greater
success than last year's popular
"Hey Diddle Diddle."

Minerva, the black-face comedy
lead played by Mary Schmidt,
has many of the choice laugh
lines of the play. Among her
stock phrases is the retort she
gives to her partner—Dan Parker
—"Does ah know anything about
love? Honey, ah knows all about
love!"

Intricate dance routines and
specialty numbers, originated by
Miss Cricket Calkin, as well as
fast moving comedy lines under
the skilled direction of Doug Wil-
liams will go toward making the
big "punch" scene of the produc-
tion a hit. In this scene, the in-
habitants from the planet Mars
come sliding down the telescope
to the astronomer's laboratory, at
the call of the "Earthworm,"
played by Miss Mary Davis, ro-
mantic lead.

Tickets to the February pre-
sentation are now on sale by
members of the Junior League as
well as at Middough's drug
store and Rikemans.

I THINK ELECTRIC BROODERS ARE BETTER FOR SEVEN REASONS

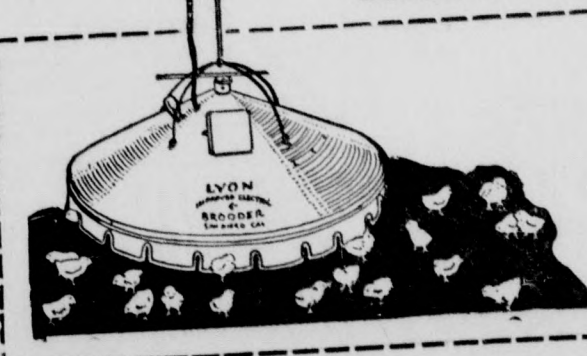

1. Electric Service does not require pay-
ment in advance as is usually the case
in buying fuels.
2. There are no fuel hazards or fuel stor-
age problems.
3. Only pure fresh air, properly warmed
for the chicks.
4. Permits accurate, automatic control.
5. Practically nothing ever to wear out on
an electric brooder.
6. Easy to handle, and cleaner.
7. Lower cost of operation. Low Edison
rates applied to a well-built brooder will
produce healthy chicks at a considerable
saving compared with other methods.
Easy Terms Available on Electric
Brooders.

DO You Want MORE CHICKS AT LESS COST?

All the advantages of sturdier, healthier chicks; earlier feathering and
greater gain in weight with less mortality are possible with the properly
designed electric brooder. Edison Company will be glad to supply further
information and costs on approved electric brooders of any size. Mail the
coupon. There is no obligation.

GARDEN NOTES
By Jessie Ward Russell
Landscape Gardener

A shrub of Night Blooming Jasmine in the garden is a delight on a summer evening. Just as soon as the sun goes down the small white flowers begin to open and the fragrance is released. One plant will perfume the whole garden. The plant grows quickly into a tall dense shrub and if planted against the house or wall will almost grow into a vine.

It thrives in either sun or shade but can not be grown in cold climate as it is a sub-tropical plant. It is hardy in Sierra Madre. A cut spray of Night Blooming Jasmine in a bouquet in the house will open up in the evening just the same as out doors and will perfume the room during the evening and night.

While the garden is drab during January, the Nandinas come into their glory. They put on a dress of the brightest red and stand out among all the shrubs. No autumn leaves that you have seen in the East are more beautiful. The Nandina must be grown somewhat in the open to get their full coloring for when sheltered among dense foliage or too close to buildings it does not become colored as it needs to be weathered to get its color.

The Nandina blooms in the spring. The flowers are white and are followed with red berries in the fall. The Japanese call the Nandina "Sacred Bamboo." It is a small to medium sized shrub and can be used in front of shrub masses where its brilliant foliage is set off by the dark green background.

Another shrub that stands out in the garden now is the Flowering Quince. The foliage partly falls off and the branches become covered with rose or red blossoms. It is an easy shrub to grow and will thrive almost any-

Final Tryouts For Drama League One Act Plays Are Near

Preliminary reading trials having been conducted last Wednesday evening at the Old Barn studios by Louis Fuller, chairman of the Drama League play committee, it is announced that final casting tryouts will be held soon. The committee is searching for scripts to substitute for some which proved unfit at the trial readings. Any original one-act plays may be left at THE NEWS office, or communication may be made with Mr. Fuller, phone 1533, and careful consideration will be given to it. Local presentation of the finally selected plays will take place in mid-February, and the best play entered in the April tournament in Santa Ana.

Ask Congress For \$5,000,000 To Help Flood Sufferers

Storm repair loans of \$5,000,000 to be used in the Montrose-LaCrescenta and other Southern California areas that suffered greatly from the New Year's storm is asked in a bill introduced in the House of Representatives at Washington by Congressman W. E. Evans, of this district.

The Los Angeles county supervisors appropriated \$100,000 to clear debris-clogged roads and rebuild damaged roadbeds, and \$97,000 was authorized for new bridges. Sheriff Biscailuz was sustained in the employment of 100 deputies to police the Montrose-LaCrescenta district.

HERE'S A TOAST TO CITRUS SHOW; GIRLS SAY IT WITH ORANGE JUICE

— BY C. N. P. A. SERVICE

Seated on a garden wall, backgrounded by the fruit-filled trees of an orange grove, these pretty blonde girls of San Bernardino, Pat Graham and Dot Storey, lift a couple of glasses in a toast. That cocktail shaker, however, contains straight orange juice, it is noted, in that the girls are saying, "Here's how!" to the success of the forthcoming 24th National Orange Show at San Bernardino.

The annual classic exposition of the orange and other California citrus fruits, will be staged in the Gate City from February 15 to 25. It will embrace many new and unusual features, including the first annual National Horse Show as an interesting auxiliary to augment the dozen and one other attractions, topped by a score of orange-built feature exhibits.

principal actors, and we might add, he cuts a nice slice. With his rosy red cheeks, he makes a typical "butcher."

The latest Babbit game now is baseball, but it is played while sitting at a table.

BALL GAME AT ARCADIA

The Arcadia Merchants meet Temple City in the feature game of the Orange Belt Baseball League on Sunday. The game is to be played on the Arcadia diamond at Second avenue and Huntington Drive, starting at 2:15 p.m. The Arcadians are leading the league by two full games with four more to play.

Frank Lovell must have been presented with a pair of high top lace boots for Christmas, and to show them off, he wore them to fire practice. Anyway, when the time arrived for the trucks to pull out, Frank was ready, with the boots, to man the Pierce Arrow. Perhaps he read of the Texan, who died in his boots.

Mrs. Roy Walsworth sent Roy to the meeting with a large pot of Chili and beans, and needless to say, all ate heartily.

With the Wistaria Fete nearing by weeks, someone suggested the holding of meetings more often. The suggestion was held over for consideration.

"Shorty" Steinberger was missing at the gathering, and this left a great deal more leg room for those who attended. Also more walking space. It's no thrill to see someone fall over Shorty's legs, we're used to it! Don Hosford was also among the missing, due to sickness in the family. Don is now one of Cy Young's

Fire Flames

By one of the boys

THE firemen's business meeting went off in nice style Friday night. All committees reported favorably on their respective assignments, with the one exception, that of the auditors. For three months now this committee has failed to make a report, and some think that either they cannot figure, or cannot agree. On this job are appointed no others than Gordon McMillan, Tom Schwartz and Jim Heasley, and this may account for the delay.

State Control Of Liquor Business Winning Attention

Because of its revenue producing possibilities Pennsylvania's adoption of a modified Canadian plan for handling the liquor business is being carefully observed by the special committee of the California Assembly delegated to submit a plan for liquor control in this State, according to Speaker Little, of the Assembly.

The Pennsylvania law setting up a system of State liquor stores on the order of the Canadian plan became effective with the new year. The proposal for the adoption of this scheme with whatever modifications or amendments may seem advisable in the light of practical operation of the law in the Keystone State was made recently at a convention of the League of California Municipalities, which was attended by the Assembly committee. Little sat in at the discussion with his legislative commission and was impressed, he said, with the proposition both because of its revenue raising possibilities and the moral effect direct State control of the liquor business might have.

Assemblyman Frank G. Martin of this Assembly district, is a member of the commission and has invited suggestions for a liquor control law from many leaders of thought and of civic organizations throughout his district.

MORTGAGE MORATORIUM LEGISLATION EXPLAINED BY ASSEMBLYMAN MARTIN

Because of many inquiries that he has received in regard to moratorium legislation by the 1933 session of the Legislature affecting mortgages and trust deeds, Assemblyman F. G. Martin, of the 48th Assembly District, has given out the following statement:

"The original moratorium bill was Assembly Bill No. 908 (Chapter 263, Statutes of 1933). The author of this bill was Assemblyman John T. Rawls, of the San Pedro District of Los Angeles County. This measure, which was approved by Governor Ralph May 9, 1933, provided an outright moratorium against foreclosures of mortgages and trust deeds from May 9, 1933, to January 1, 1934.

"The Rawls Moratorium measure was supplemented by Senate bill No. 1219 (Chapter 1057, Statutes of 1933). As there has been some confusion as to interpretation and effect of this supplemental Senate measure, I have written Fred B. Wood, Legislative Counsel, at Sacramento, to give his interpretation of this measure. Mr. Wood replied as follows:

"Mr. Rawls' bill became Chapter 263, Statutes of 1933, and provides for a moratorium on the sale of property under a mortgage or deed of trust for the period from May 9, 1933, to January 1, 1934. You are correct in stating that by the terms of the act it expires on January 1, 1934.

"The other act which you refer to we believe to be Chapter 1057, Statutes of 1933, but it was not nor was it intended to be an amendment to the earlier act, but was intended as a supplement to it to cover the situation which would arise upon the expiration of the first act on January 1, 1934. By its terms it provides that any installment which was not paid during the period of the moratorium provided by the first act should not become due and payable until six months after the due date of the last installment.

"Although it would seem from the literal interpretation of Chapter 1057, Statutes of 1933, that the time for the payment of any of the installments not paid during the period of the moratorium, should be extended until six months after the date when the last installment was due no matter when that date occurs, if it occurs six months or two years after January 1, 1934, the language in the act reading as follows: 'Until at least six months after the due date of the last in-

stallment of the principal sum of such obligation,' we are informed, however, that question has been raised as to what is meant by 'last installment' and the argument has been made that it means the last installment not paid during the period of the moratorium."

Senate Bill No. 1219 (Chapter 1057, Statutes of 1933) was approved by Governor Ralph August 29, 1933. For the benefit of those who are not familiar with the wording of this measure, Assemblyman Martin quotes Section 1 of the Act as follows:

"No sale shall be made under any power of sale contained in any mortgage or deed of trust executed before May 8, 1933, upon real property improved with a single family dwelling, nor shall any sale be made under any final decree of foreclosure rendered in any action to foreclose a mortgage executed before May 8, 1933, upon real property improved with a single family dwelling, in any case in which the only default in the performance of the obligation for which said mortgage or deed of trust was given as security consists solely of the failure to pay when due installments of the principal sum of such obligation which became due according to the terms of the obligation between May 8, 1933, and December 31, 1933, inclusive, until at least six months after the due date of the last installment of the principal sum of such obligation."

WANT AVOCADOES OUT OF THE CUBAN TARIFF

Congress will probably receive this week the appeals from Southern California grower-members of the Calavo Growers' Exchange, asking that the present "avocado pear" clause in the old Reciprocity Treaty between this country and Cuba be eliminated, when and if that treaty is revised. It is believed that this treaty revision is under contemplation. The "pear" clause has made the present avocado tariff inoperative as to Cuban alligator pears, allowing the cheaply produced Cuban fruit to be shipped into this country in huge quantities. This has resulted in great injury to both California and Florida growers, according to George B. Hodgkin, general manager of the Calavo Growers' Exchange.

Devise Plan To Get Regular Jobs For Boys In CCC Camps

A plan to stimulate more productive work on the part of the boys enrolled in the Civilian Conservation Corps, and to encourage enrollment of these men as rapidly as possible in the regular channels of employment was approved this week at a meeting of the Conservation Committee, Southern Division, of the California State Chamber of Commerce.

Under this plan, C.C.C. workers who have demonstrated their ability are to be awarded Certificates of Trade Capacity by an appropriate department of the Federal Government, the certificate to identify the holder, and to set forth his ability in any one of the trades now being taught in the C.C.C. Camps.

The plan advocated by the State Chamber calls for setting up an impartial board of examiners in each district, and before a certificate of trade capacity is issued to any applicant, he would have to successfully pass an examination.

In order that these certificates will be generally recognized by prospective employers throughout the country, the plan also recommends that the government take steps to acquaint employers of their purpose and significance; also to request that all employers give consideration to any man presenting such a certificate.

ANNOUNCE DATE OF WINTER CARNIVAL

One of the outstanding events on this year's program of winter sports is the eighth annual Winter Sports Carnival and Snow Pageant of the Los Angeles Junior Chamber of Commerce to be staged February 3rd and 4th at Big Pines, Los Angeles County recreation center in the Sierra Madre mountains. Free to the public and filled with the most thrilling competitions and exhibitions of ski-jumping, skating, and tobogganing, past carnivals have drawn upwards of 30,000 persons and this year's event will offer greater attractions, according to advance notices.

SOUTHLANDERS ON TWO- WEEK TRIP TO MEXICO

With reservations from many Southern California cities, a special party of residents will leave Los Angeles Friday, January 26, on a novel two-week vacation tour of old Mexico, it was announced here yesterday by G. W. Wetherby, district passenger agent, for Southern Pacific Company.

The tour through the "land of contrasts" was arranged by Thos. Cook & Son with the view of bringing to attention of the party outstanding points of interest, including those of ancient Mexico, and at the same time providing every modern travel comfort.

Local Sport Paragraphs

By John Copeland

THAT acridly unbelieving writing fellow who figured that the first pro match of Tilden vs. Vines would be followed by a Vines win to build a gate at a big third match was just a little slower of wit than the match-makers—who seem to be laying in for a still bigger buildup, with Tilden taking the first two matches, Vines the next two, and the better man to rake in the kitty on the big fifth in Madison Square Garden.

Looks like a good season ahead for pro football in California. A money team composed of old favorites from Trojan ranks, augmented by the cream of players from other prominent coast col-litches is going to clean up—if it can manage to get in shape to play football comparable to the aforementioned Chicago Bears.

Even up against an open and closed proposition, the quixotically named Trojanettes didn't bog down so awfully Sunday. Although it does seem something of a shame that men hallowed in the mythical hall of athletic fame, such as Drury, should consent to venture out on a playing field while stale and flabby from sedentary life.

If all those former SC laddies had been in the same ball season trim of Rosenberg and Griffith 'twould have been a different tune on the piper's reed. Rosy

and Ernie Smith both looked nice against those 250-260 pound gents who helped plug the Bears' forward wall.

And all of which leads up to one of our pet sport peeves, that by reason of the irrepressible law of the more or less standardization of incident encompasses many more phases of existence than sports alone.

—The status versus status of amateur and professional—

In football it is a matter of common knowledge, with not a great deal of conscience nor public distaste displayed one way or another, that if the college game is not 'professionally' open it is at least professionally 'amateur' in mass appeal and finish. The bows it must take to the technically professional game are bows imposed by old man time. If the pro game proper is a more finished game that is merely because the boys playing it have that many years more experience to work from. Too, they don't have to go through the motions of absorbing a higher education—whatever that is.

It's a screwy mixup when the colleges (professedly simon) say nix to any friendly overtures from pro promoters who want a coliseum or two in off weekends; and the pro promoters turn around and say, listen you, if we want to get tough we can grab off your supposedly exclusive

prep school material as well as muscle in on your own present crop of young sophes, et cet.

Why don't they all get together in one of those big happy family relationships and do something like thisaways . . .

Now schools are made for study and stews, so why not keep 'em holy and pure? These here places of learning of course are always in need of new library bldgs., stadia, and so forth, and for the construction thereof is needed the old, old mazuma. Well, the jolly places could get a bushel of such places by coming right out and putting it on the basis of "Trojanet Bearcats" playing for Troy on a percentage basis—with free instruction in calculus thrown

in as a bonus on Xmas. Col-litches sort of sponsors of pro teams, in other words, if you want any other words.

O.E.S. Notables Here At Initiation Of The Local Chapter

Many guests were present to witness the initiation of Beulah May Davis, Florence Evelyn Wilhelm, Reuka Haensler and Ellen Isabella Hays into the order of the Eastern Star last Monday evening at the Masonic Temple. They came by auto and bus load as guests of Worthy Matron and Patron Sandage, Associate Matron Noble, Conductress Wammock and Associate Conductress Hogan. Especially honored guests present were Mabel Page Brown, of Alhambra, District Deputy Grand Matron; Grand Representative Mary Cartwright and Past Grand Patron of California Benjamin Cartwright of Alhambra; Mrs. Eddie Miller, Worthy Matron of Crescent Chapter 53 Pullman, Wash., and Mrs. Flora Thorough of Sierra Madre, formerly Worthy Matron of Home Chapter, Fort Fairfield, Maine.

Other members and officers attending were from Alhambra, San Gabriel, Temple City, Arcadia, Los Angeles, Monterey Park, Monrovia and McLoughlin, South Dakota. Following the meeting refreshments were served and an interesting program provided in the Social Hall under the supervision of Mrs. Frances Brain and Mrs. Alice Hogan.

C. E. Convention To Have Many Features

PLANS for the celebration of the forty-sixth year of Christian Endeavor in Sierra Madre were announced at the executive meeting of the Young People's society. One of the main features will be the two day institute which is to be held here by Los Angeles County Union February 10 and 11—Saturday and Sunday. The program calls for a banquet, social, conferences and mass meetings, all in charge of a special committee to be sent here.

The missionary committee under Roy Edwards, with June Lacey and Rosemarie Forrester assisting, will meet this Sunday afternoon at 5 o'clock to discuss plans and activities of their department.

At the Sunday evening service of the church the newly elected officers of the Y.P.S.C.E. are to be installed by Pastor Sheriff.

NOTICE OF COMMISSIONER'S SALE ON FORECLOSURE

No. 357852

SIERRA MADRE SAVINGS BANK, a corporation Plaintiff,

—vs.—

CHARLES S. KERSTING, et al Defendants.

In the Superior Court of the State of California in and for the County of Los Angeles—

By the judgment and decree of the above entitled court in the above entitled action, entered and recorded on the 22nd day of December, 1933, in judgment book 872 at page 379, et seq., wherein the above named plaintiff obtained judgment and decree of foreclosure and sale for the sum on Ninety-one and 84/100 Dollars plus interests and costs, to which judgment and decree reference is hereby made, and by order of sale issued to me by the clerk of the said court pursuant thereto, I am commanded to sell at public auction all of the following described premises, situate, lying and being in the City of Sierra Madre, County of Los Angeles, State of California, and bounded and described as follows, to-wit:

Lot Five (5), Lunts Tract, as per map recorded in Book 8, Page 48 of Maps, in the office of the County Recorder of said Los Angeles County.

PUBLIC NOTICE IS HEREBY GIVEN that on Tuesday, the 30th day of January, 1934, at 12 o'clock noon of that day, at the eastern and Spring Street entrance of the Los Angeles County Hall of Justice, in the City of Los Angeles, County of Los Angeles, and State of California, I will sell the above described property, or so much thereof as may be required in compliance with the said order of sale and decree of foreclosure and sale, to the highest and best bidder for cash.

Dated Dec. 26, 1933.

R. E. ALLEN, Commissioner appointed by said Court.

Vice Commander's Night Observed By Local Legion Post

Cy Young acted as commander on Monday night at the meeting of the local American Legion on the "Vice-Commander's Night" program. Pat Lyons, vice-chairman of the National Aeronautic Committee and member of Pasadena Post No. 13, spoke on CWA and its relation to the veterans.

Art Embree, chairman of the Americanization committee, announced plans for the Americanization meeting to be held here February 5 in the Sierra Madre Grammar School. Twenty-six organizations are being invited, Mr. Embree stated.

Mayor H. Clay Reavis was winner of the dollar merchandise order. George Smith served refreshments to 40 guests.

A meeting of the 18th district will be held this evening in Pasadena and a dozen or more local Legionnaires will represent this post.

Big Delegation Of Young People Go To Y. P. S. Conference

The Young People's Society of the Congregational Church sent 28 delegates to the mid-Winter Conference at Pomona, January 12, 13, 14. Those representing this city were Ruth Wheeling, Marian Daily, Elizabeth Morgridge, Moreland Kortkamp, Dorothy Walworth, Jane Manning, Cynthia Hull, Mary Van Duzer, Al LaLone, Genelle Paschall, Barbara Hollingsworth, Mildred Newton, Evelyn Calvert, Barbara Cluff, Mary Ramsay, Werner Marti, Sam Schwartz, Percy Kortkamp, John Senour, George Tyler, Ray Fox, Eugene Kincaide, Howard Morgridge, Billy Caldwell, Elmo Switzer and Randolph Twycross.

They were very fortunate to have the opportunity to hear many prominent speakers and were beautifully entertained by the C.Y.P. of Pilgrim Church, Pomona.

The C.Y.P. is planning an elaborate Valentine Ice Cream Social, Friday, February 4. A good entertainment is planned.

Frank W. Wright, Whittier Assemblyman, is obviously going to be a candidate for Supervisor from the district in which Sierra Madre is located—the First, now represented by Hugh A. Thatcher, of Pomona. While he is touring the rural towns addressing the Lions, Kiwanis and Rotary Clubs, his friends in various communities are adopting resolutions "call-

ing" upon him to enter the race. The "Rosemead Wright Club" has been organized and sounded its "call." Other groups in other towns will swing into line.

It was estimated that there would be 60,000 establishments licensed to dispense liquor in California, but only 18,500 have been issued since January 1. And there have been only 21,000 applications, approximately 2500 having been held over for investigation. Immediately after repeal of the 18th amendment, 33,000 short term licenses—good only for the month of December—were issued. Many of those, who took a fling at the game were evidently disappointed with the demand, or the returns, and dropped out.

John C. Corbett of the State Board of Equalization says the State will attempt to shut off the supply of liquor to bootleggers and speakeasies by revoking licenses of any distiller, winery, brewery or wholesale firm selling to illegitimate establishments—this instead of raiding and arresting offenders.

A section of the California alien land law, which required the State merely to prove possession of land by an alleged alien, has been held unconstitutional by the United States Supreme Court.

Intoxication in an automobile may cost \$300 fine or 90 days in jail in San Marino hereafter, as a result of an ordinance presented at the suggestion of the new police judge, James P. Mackel. The old ordinance fixed the maximum at \$50. Judge Mackel was also given permission to have prisoners work out the fine when unable to pay, after the Sierra Madre plan.

The citrus market in the Up-land section is looking up, judging from the report of J. Fred Anderson, horticultural inspector of the district, who says 81,756 more boxes were marketed than last season. The orange total was 869,547, lemons 595,556, grapefruit 27,936 boxes.

Official census figures just taken indicate that there are nearly 11,000 acres of avocados now in California.

While thousands of winter sports lovers frolic about in the snow and ice at the nearby mountain resorts over the week end, approximately 50,000 visitors were basking in the warm sun and taking dips in the ocean, at the several County beaches, it was revealed by James K. Reid, superintendent of the County Department of Recreation, Camps and Playgrounds.

The heaviest turnout of bathers was recorded at the Santa Monica Canyon and the Hermosa beaches. The County Life Guard Squad had a quiet day, nevertheless, reporting no serious resuscitation cases.

SCHOOL PUPILS PUT ON OWN MOVIE SHOW

Friday was independence day for the children of the local Grammar School. The children under the guidance of their teachers showed the moving pictures taken with their Christmas toys by Rudolph R. Hartman, last week Mr. Hartman gave the children a lesson in using the new projector, which was a present from the school board at Christmas, and Friday they assumed full control of the machine. Heretofore Mr. Hartman or his son, Rudolph Jr., ran the machine.

I THINK ELECTRIC BROODERS ARE BETTER FOR SEVEN REASONS

1. Electric Service does not require payment in advance as is usually the case in buying fuels.
2. There are no fuel hazards or fuel storage problems.
3. Only pure fresh air, properly warmed for the chicks.
4. Permits accurate, automatic control.
5. Practically nothing ever to wear out on an electric brooder.
6. Easy to handle, and cleaner.
7. Lower cost of operation. Low Edison rates applied to a well-built brooder will produce healthy chicks at a considerable saving compared with other methods. Easy Terms Available on Electric Brooders.

DO You Want MORE CHICKS AT LESS COST?

All the advantages of sturdier, healthier chicks; earlier feathering and greater gain in weight with less mortality are possible with the properly designed electric brooder. Edison Company will be glad to supply further information and costs on approved electric brooders of any size. Mail the coupon. There is no obligation.
